For Immediate Release

Radia Holdings Inc. adds key executive leadership

Radia Holdings Inc., the 11th largest staffing and professional services company in the world, today announces the appointment of Richard A. Piske III as Global President of Radia's Administrative, Light Industrial, and Professional Staffing products. Mr. Piske will bring his comprehensive expertise in operational excellence and sales to our company.

Richard has been in the staffing industry for almost 30 years. He has held senior leadership positions for over 25 years at Comsys, TalentTree, Stratum Holdings and Olsten Staffing Services. There he served as President of Olsten Staffing Services and Executive Vice President of Olsten Corporation. Richard was co-founder of The FedSecure Group, a professional staffing company that was sold to Kelly Services. Most recently Richard co-founded the Staffing Cooperative. Richard's experience includes both strategic and tactical execution of new business expansion and he has been an innovator in creating value through the expansion into core and niche product areas.

"We're proud to have an esteemed industry veteran and leader join our global executive team," says Chairman and CEO Charlie Abadie. "Richard has been responsible for creating value through both organic and acquisitive growth and has been at the forefront of creating new products to meet client needs in the ever changing human capital solutions industry."
